

Mohamed

Math teacher

A good teacher is like a candle, it consumes itself to light the way for others.

ACTIVITIES

Mohamed is 30 years old math teacher lives in Torino. He believes that being a teacher is like being a Role model, That's why he always spend his days preparing for his classes , coaching his students and preparing Extracurricular activities for them.

GOALS AND DESIRES

Mohamed would like to always be a better teacher, make learning more fun and well organized by integrating the technology into the teaching process, Also he would like to coach his students and interact with student's parents to avoid any problems that might face their child.

DIGITAL TOOLS

[Which is or are the reference digital platform?]

...

NEEDS

- Mohamed needs to organize the studying material for student in a more well-organized way
- Mohamed needs to contact the student parents in quick and efficient way in case of any problem get noticed.

OBSTACLES AND FRUSTRATIONS

- Interacting with child parents and always assessing the students and keep parents updated by the student performance is very hard to be managed on paper.
- Organizing the course materials, assignments and homeworks is hard to be managed only with students.
